D Company, 39th Engineers - Vietnam 1967-1968

Hello Fellow Vets,

My name is Gregg Heacock and I am in the process of putting an account of my tour in book form with the expertise of my wife. I went over on USNS Barrett from Ft. Bliss, landing in Vung Ro, then Tuy Hoa, then Duc Pho, then LZ Baldy.

I've only been active in our association for a couple years; being unaware any such thing existed.

I'm writing to find help for my weak memory. I've been successful in getting in touch with several of our members but need more. I attended the 2011 reunion at Ft. Leonard Wood but only a couple "D" guys were there.

Need help with simple things like putting names with faces. I supplied a bunch of slides to Richard Mayes and he has installed them on our website. Any response as to any of yall's memories is to be appreciated.

Gregg Heacock
